of training radio operations with REDPATH

Many of our Nyangatjatjara College senior students are currently involved in Vocational Education and Training in Schools (VETiS). Eight senior kungkas are on the path towards Certificates I and II which lead to Child Care qualifications. They have been learning things like first aid; hand washing; nappy changing; workplace behaviours and expectations; anaphylaxis; terminology; legislation and procdures; and undertaken Industry Tours of two Childcare Centres. We are proud of the progress being made by: Angelina Bronson, Tanisha Kirkman, Lulu Luckey, Rosabelle Miama, Wanita Milton, Marissa Pumpjack, Linda Riley and Vivienne Riley.
